Skate Canada Safe Sport Program

Safety is a priority for Skate Canada and Calalta. We encourage you to check out Skate Canada's [Guide to Safe Sport](#) - very informative! If you have any questions regarding the guide, please contact the office or Skate Canada directly.

Skate Canada Code of Ethics

As a sanctioned club of Skate Canada, Calalta follows Skate Canada's Code of Ethics.

Calalta adheres to the Skate Canada Code of Ethics for any club activities, on or off the ice.

This code is the roadmap to maintaining the safety and well-being of all individuals to whom this code applies within the Skate Canada community.

We encourage you to review it as it applies to all of us - skaters, parents, coaches, clubs, board members and volunteers.

Calalta Board members and all coaches are also required to complete the Respect in Sport Activity Leader course.

A Word From Your General Manager: Jaime-Lyn

The Power of Skating Parents: Navigating the Season Together

As we kick off another exciting year on the ice, we want to take a moment to recognize our incredible parents. You are the drivers, the cheerleaders, and the foundation of our club's success! A successful figure skating journey relies heavily on a strong partnership between coaches, skaters, and parents.

To help your athlete thrive, we encourage all families to review their skater's Yearly Plan. Setting clear goals for training, competitions, and skill development keeps everyone aligned and ensures a rewarding season.

To best support your athlete's journey and help us foster a safe, positive, and inclusive environment, we highly recommend that parents complete the Respect in Sport certificate. This quick online program offers valuable tools to help you navigate the competitive sports landscape while ensuring our rink remains a welcoming place for all. Thank you for your dedication to making this season our best one yet!
